Collaboration Agreement with B. Braun Melsungen AG

Trendlines [signed a collaboration agreement](#) with German health care company B. Braun to establish mutual deal flow, identify potential new investments, explore cooperation in the establishment of accelerators and incubators in selected markets worldwide, and collaborate on the development of new technologies, solutions and products in the medical field. The agreement leverages on Trendlines' innovation and product development expertise and B. Braun's innovation activities and depth of market reach to develop, produce, and market breakthrough solutions for unmet market needs.

Trendlines Labs Receives Additional Order

Trendlines Labs [received an additional order](#) from a large U.S. medical device company (MDC). This purchase order followed the completion and market introduction of a previously completed product, as a result of successful multi-year cooperation efforts between Trendlines and the MDC -- a US-based public company with worldwide annual sales exceeding US\$ 5 billion. The purchase order could serve to expand and enhance the extensive product portfolio of this market-leading MDC.

Trendlines Agtech Tender Results

On 15 March 2016, Trendlines [received notice from the Office of the Chief Scientist](#) of the Israeli Ministry of Economy that the license to operate an incubator in the Judea and Samaria region of Israel has been awarded to a competitive bidder and not to Trendlines' 85% owned subsidiary, Trendlines Agtech Ltd., the special purpose vehicle established to participate in the tender. Trendlines continues to view its agtech investment activity as an integral part of its investment activity and intends to continue investing in this field, while making appropriate adjustments to its activities and operations.
